

Coinstar UK Celebrates 25-Years in Style

2025 is a remarkable year for Coinstar UK and the team, as they celebrate 25-Years of operations with well wishes coming in from many of their partners. Over this period, Coinstar UK has processed over 78 billion coins, that's enough to cover over 10,000 football pitches! Plus, a whopping 135 million customer transactions have been completed, and over £1 billion pounds has been transformed from loose change into additional spending value for Coinstar customers.

Paul Ogle, Coinstar UK Managing Director says “Today Coinstar’s business is diversifying with digital advertising and banking solutions on the horizon. Celebrating 25 years is not just about looking back — it’s a moment to refocus on the future. With trusted partners by our side, Coinstar is more committed than ever to driving innovation, customer value, and excellence for the next 25”.

Messages of support have come from supermarket giants Morrisons and Tesco, plus long-standing logistics companies AMG Logistics and Loomis, and not to mention well-known charity partners BBC Children in Need and British Red Cross, what a journey to be proud of for Coinstar UK as they celebrate such an impressive milestone. Here’s a snapshot of partner messages:

“Morrisons is delighted to join Coinstar in celebrating 25 years of operation”.

“...Coinstar has grown from strength to strength in the 25-years we have been working together. Our relationship is built on teamwork, and we cannot fault the efficiency, expertise, and professionalism of the Coinstar team.” – **Loomis**.

BBC Children in Need, “...we’re thrilled to celebrate with our friends at Coinstar UK, as they mark 25 years of operations across the UK. We are delighted to have been working with Coinstar for an incredible 21 years! The support and generosity from their colleagues and customers have allowed us to continue supporting children and young people right across the UK, and we’re looking forward to working together and changing the lives of more young people for years to come.”

Coinstar was originally founded in 1991 in the USA, and fast forward to today and Coinstar is now the largest global provider of self-service coin counting machines, operating 25,000 machines across 8 countries and 3 currencies. To find out more about Coinstar’s journey visit our website
